The Board of Trustees are pleased to announce that effective August 1, 2014, there will be no Co-Payments regarding diabetic medications and testing supplies. This includes all medications and supplies currently covered through our prescription drug plan. You may utilize mail order (for up to 90-day supplies) or a retail drug store (for up to 34-day supplies). You still must have a valid prescription from your Doctor for diabetic medications and supplies. Co-pays are waived for generics, preferred brand, and non-preferred brand for diabetes.

In addition to prescriptions, any in-network medical services billed through Blue/Cross Blue/Shield (BCBS) that are submitted with a diagnosis code for diabetes, the deductible and co-insurance is hereby waived. The Fund Office has been waiving deductibles and co-insurance for in-network diabetic related medical services billed through BCBS since June 1, 2014. If you feel that the Fund Office may have overlooked a claim, kindly contact the claims department at (630) 920-1939.

The goal of this program is a part of the Fund's continued wellness initiatives that helps you and your family members achieve everyday comfort and continued good health.
