The Board of Trustees is pleased to announce that effective November 1, 2023, the Funds are offering an at-home Digital Skin Cancer Screening program through **SkinIO**.

The program is available to you and your eligible dependents who are age 18 or older at no cost.

The program provides the technology to perform a skin cancer screening. All that is required is a smartphone and 10 minutes of your time. The web-based program allows you the flexibility to complete your exam on your own schedule and in the privacy of your own home. Your photos will be reviewed by a dermatologist, and SkinIO will share the results with you and provide connection to an in-network, in-person provider for any member who may need it.

SkinIO will be sharing more details about the program and how to sign up in the coming weeks. In the meantime, you can see how SkinIO can help you by visiting <https://go.skinio.com/731fund/start>.
