CancerNavigator

The Board of Trustees is pleased to announce that effective December 17, 2025, the Funds offer a service called CancerNavigator to participants undergoing cancer treatment. There is no cost to participants who utilize this service.

The CancerNavigator service provides tailored education and guidance to cancer patients as they navigate the many decisions that follow a diagnosis. Patients can connect directly with an Oncology Nurse Navigator to understand their specific diagnosis and treatment options, learn which centers in their area are well-equipped to treat their cancer type, and to talk through their decisions for care.

If you are interested in learning more about the CancerNavigator service, call **(630) 214-9676** to connect with an Oncology Nurse Navigator.
