**TIP:** The Fund provides you access to a network of doctors and hospitals that discount fees for services they provide to eligible Participants. Your out-of-pocket expenses depend on whether you decide to go in-network or out-of-network for your care. Generally, the Fund pays a higher level of benefits for care received from participating (in-network) providers.

**TIP:** Links to all service providers to the health plan can be found on the Fund Office website at [www.ibt731funds.org](http://www.ibt731funds.org).
